SReXperts
APAC 2018

Raffles City Convention Centre, Singapore
16 - 18 October 2018
Nokia’s 7th Annual SReXperts APAC Convention is coming to Singapore.

The event will be held at Raffles City Convention Centre on 16 – 18 October 2018. This invitation-only, world-class education and training event is designed to help you leverage your investment in Nokia’s IP portfolios - while learning how to stay ahead of rapidly growing service demands and strategically face future networking challenges.

This three-day event includes:

- Unrivaled networking opportunities
- Unique insights into the evolution of IP network performance
- Live Demonstrations of the latest IP innovations
- Hands-on workshops and expert certifications written exams
- Exclusive one-on-one meeting to meet the eXperts.

We look forward to seeing you in Singapore.

Sincerely yours,

Kent Wong
Vice-President, Head of IP/Optical Networks Regional Business Center Asia Pacific, Nokia
Pre-Conference
On Tuesday, optional pre-conference activities are available as listed below. Unlike the main conference on Wednesday and Thursday, space is very limited for these items and early booking is strongly recommended. Delegates not wishing to join these optional activities may join the conference and check in at the registration desk from 8:00 AM on Wednesday.

Tuesday, 16 October 2018

</table>

Conference
Following the morning plenary sessions, four breakout streams are provided to offer different learning paths for delegates. Breakout sessions are made up of nine individual presentations on a single learning path. To cover the large number of topics that are of interest, each presentation is delivered once only. A short break will be provided between presentations so that delegates can move freely between streams, if they wish.

### Agenda - Thursday, 18 October 2018

<table>
<thead>
<tr>
<th>Time</th>
<th>Session</th>
</tr>
</thead>
</table>
| 3:15 PM - 4:00 PM | **SR OS Model-Driven Management Update and NETCONF/YANG**  
Greg Hankins, Senior Product Line Manager, 7750 SR/7950 XRS, IP/Optical Networks, Nokia  
**Automated Peering Optimization: Peer Engineering in a Modern Internet World**  
Hamid Ould-Brahim, Senior Product Manager, DMTS, IP/Optical Networks, Nokia  
**Data Center Interconnect Evolution**  
Ragheed Al-Dabbagh, Head of Optical Transport Product Management, Architecture & Consulting, ION APAC, Nokia  
**Virtual Networks Orchestration**  
Hitesh Behl, Senior Solution Architect, ION APAC, Nokia |
| 4:00 PM - 4:30 PM | **Afternoon Break and Interactive Demonstration Zone Visit** (Canning Room) |
| 4:00 PM - 4:30 PM | **Plenary Sessions** (Padang & Collyer Room) |
| 4:30 PM - 5:00 PM | **Simplifying Operations through Automation**  
Piotr Stpiczynski, Senior Product Line Manager, IP Transformation, IP/Optical Networks, Nokia |
| 5:00 PM - 5:15PM | **Closing and Survey Draw**  
Kent Wong, Vice President, Head of IP/Optical Networks Regional Business Center Asia Pacific, Nokia |
| 5:15 PM           | **Event Concludes**                                                   |

### Meet the eXperts

Unique opportunity to book a one-to-one meeting with a Nokia expert on specific topics. These sessions are tailored around your needs and are organised in individual 60-minute slots.

You can pre-register for a session as part of the event registration process or sign up onsite at the Meeting Desk.
Speakers

Mustapha Aissaoui  
Product Line Manager, Service Router, IP/Optical Networks, Nokia

Ragheed Al-Dabbagh  
Head of Optical Transport Product Management, Architecture & Consulting, ION APAC, Nokia

Hitesh Behl  
Senior Solution Architect, ION APAC, Nokia

Hooman Bidgoli  
Product Line Manager, 7705/7750, IP/Optical Networks, Nokia

Gareth Bridges  
Director, Digital Business, Asia-Pacific, Equinix

Sherry Bryden  
GM, Network Services, Interactive

Peter Busschbach  
Head of Product Line Management, NSP, IP/Optical Networks, Nokia

Sunit Chauhan  
Senior Director, Product Line Management, Nuage Networks from Nokia

Wonseok Choi  
Senior Product Line Manager, VSR Infrastructure, ION APAC, Nokia

Bart De Wilde  
Regional Product Line Manager, NSP, ION APAC, Nokia

Alp Dibirdi  
Director, Product Line Management, IP/Optical Networks, Nokia

Andrew Dolganow  
Vice President, Head of IP Routing, DeepField, NSM PLM, Strategy & Consulting Engineering, ION APAC, Nokia

Filippo Farina  
Solution Architect, Radware

Ray Gao  
Product Line Manager, Deepfield, ION APAC, Nokia

Chadie Ghadie  
Business Development, Nuage Networks from Nokia

Greg Hankins  
Senior Product Line Manager, 7750 SR/7750 XRS, IP/Optical Networks, Nokia

Rudy Hoebeke  
Vice President, Product Management, IP Routing & Mobile Packet Core, IP/Optical Networks, Nokia

Jeff Jakab  
Head of Product Line Management, Hardware, IP/Optical Networks, Nokia

Paresh Khatri  
Senior Director, Chief Architect, Head of Strategic Solutions and Architecture, ION APAC, Nokia

Hussein Khazaal  
Vice President, Marketing & Partnerships, Nuage Networks from Nokia

Danny Knezevic  
Chief Solutions Architect, Transportation, Energy and Public Sector Segment, ION APAC, Nokia

Vach Kompella  
Vice President, Mobile Packet Core and 5G R&D, IP/Optical Networks, Nokia

Ozge Korkut  
Regional Product Manager, NSP, ION APAC, Nokia

Hari Krishnan  
Senior Director, Product Management and Security, Nuage Networks from Nokia

Craig Labovitz  
CTO, Deepfield, Nokia

Anthony Lam  
Business Development, Transportation, Energy and Public Sector Segment, ION APAC, Nokia

Karyn Lennon  
Training and Certification Leader, IP/Optical Networks, Nokia
Speakers

Raymond Lim
Public Safety Business Development, Asia Pacific and Japan Market, Nokia

Yun Lu
Regional Product Line Manager & Consulting Engineer, ION APAC, Nokia

Neellesh Kumar Maglani
Strategic Pursuits Leader, Telco Segment & NFV Solutions, Asia Pacific & Japan, Hewlett Packard Enterprise

Gospesh Maindola
Consulting Engineer, DC & Cloud, APAC, Palo Alto Networks

Tim Mew
Regional CTO, Energy Segment, APAC, Nokia

Gordon Milliken
Director, Product Management, Mobile Packet Core: SGSN/MME/AMF, IP/Optical Networks, Nokia

Masahiro Miyake
Technical Meister, Network Control Department, Network Operations Division, SoftBank Corp.

Hwee Ming Ng
Technical Evangelist, Cloud Infrastructure, Asia Pacific Office of Technology, Red Hat

Wisely Ng
Senior Regional Product Line Manager, ION APAC, Nokia

Sasa Nijemcevic
Vice President and General Manager, Network and Service Management Business Unit, IP/Optical Networks, Nokia

Alfred Nothaft
Senior Director, Product Management, Service Router, IP/Optical Networks, Nokia

Hamid Ould-Brahim
Senior Product Manager, DMTS, IP/Optical Networks, Nokia

Christopher Pickard
North American TXLE Business Development Leader, Nokia

Shiraz Qureshi
Evangelist – Software-Defined Networking, Head of BT Connect, MENA, British Telecom (BT)

Anand Raj
Product Manager, NSP, IP/Optical Networks, Nokia

Haiprasad Reddy
Technical Sales Specialist, Intel

Gavin Rego
Senior Customer Solution Engineer, ION APAC, Nokia

Harmeet Sahni
Senior Director, Product Management, Nuage Networks from Nokia

Saurabh Sandhir
Vice President, Product Management, Nuage Networks from Nokia

Reza Shahab
Senior rPLM, Telco Cloud/VCS, Nuage Networks from Nokia

Lei Shu
Senior Product Manager, ION APAC, Nokia

Mathew Simon
Head of Customer Solution Team, Transportation, Energy and Public Sector, ARI, Nokia

Adam Simpson
Senior Product Line Manager, IP/Optical Networks, Nokia

Sawanjit Singh
Aviation Business Development Director, Transportation Segment, APAC, Nokia
 Speakers

Piotr Stpiczynski
Senior Product Line Manager,
IP Transformation, IP/Optical Networks, Nokia

Yves Thibeault
Senior Product Line Manager,
IP/Optical Networks, Nokia

Gunter Van De Velde
Global Product Line Manager,
IP Routing, IP/Optical Networks, Nokia

C.B. Velayuthan
Senior Vice President, Global Sales, IP & Optical Networks, Nokia

Steve Vogelsang
Vice President Strategy & CTO, IP/Optical Networks, Nokia

Sanjay Wadhwa
Senior Director, Product Management, Residential Broadband, Carrier WiFi, Home Virtualization and NFV, IP/Optical Networks, Nokia

Brian Walsh
Senior Product Line Manager & Consulting Engineer, ION APAC, Nokia

Sven Wisotzky
Central Product Line Manager, NSP, Nodal Mediation, IP/Optical Networks, Nokia

Kent Wong
Vice President, Head of IP/ Optical Networks Regional Business Center Asia Pacific, Nokia
Live Demonstrations

Join us in our Interactive Demonstration Zone to see the latest demonstrations live and up close.

**Carrier Networking Infrastructure**
This section will showcase the following Service Routing family: 7250 IXR-6/10, 7250 IXR-R6/IXR-s, 7210 SAS family and 7705 SAR family.

**FP4 Generation: IP Routing Reimagined**
This section will showcase the next generation FP4 and related advances in SROS: MD-CLI, MD-CLI tutorial, 7750 SR-1 (2017), 7750 SR-12e, 7750 SR-7s/14s, 7750 SR-1s/2s, 7950 XRS-20e, FP4 DDOS Mitigation and NF-IX – Automatic.

**Carrier SDN**
This section will showcase the NSP User Experience, Insight-driven Peer, Automation and Multi-AS SR-TE Policy, Introducing Model Driven Mediation and Control, Enhanced NSP Web Applications and introducing AI to Assurance, and IP/optical cross domain coordination.

**DeepField Intelligence**
This section will showcase the DeepField Network Intelligence, and Next-generation network boundary protection (DDoS security demo with FPx and Deepfield).

**Cloud Packet Core**
This section will showcase the new features of Control User Plane Separation (CUPS) and Multi-Path TCP (MP-TCP), and the use case of Enhanced Road Safety.

**Nuage Networks Solutions**
This section will showcase the SD-WAN Portal : Self-Service Experience, SD-WAN : Nuage VNS Virtualised Network Services, SD-DC : Nuage VCS Virtualised Cloud Services, and Metro AG: Delivering Nuage SDN with Metro Automation Engine.

**Telco Cloud**
This section will showcase the VNO: Virtual Network Orchestrator.

**Professional Services**
This section will showcase the NSP Service Portal and Cloud-based Network Verification.

**Nokia Learning Solutions**
This section will showcase the Nokia Learning Solutions.

**Interactive Demonstration Zone Opening Hours:**
Wednesday, 17 August 8:00 AM – 5:00 PM
Thursday, 18 August 8:00 AM – 5:00 PM
SReXperts APAC 2018 will be held at
Raffles City Convention Centre, Singapore

The Raffles City Convention Centre is about a 20-minute drive from the Singapore Changi Airport. Located in the city centre on the 4th level of the Raffles City Shopping Centre.

80 Bras Basah Road, Raffles City Shopping Centre, Singapore 189560

Transportation

By Car/Taxi
Taxis are comfortable and especially handy if you want to go to places not accessible by the bus or MRT. Cabs here are metered, but there may be surcharges depending on when, where and which company’s taxi you board. To get a rough idea of the final fare, check with the driver on the surcharges and ask for a receipt at the end of the trip. You can hail a taxi by the roadside at most places, or by queuing for one at taxi stands found at most shopping malls, hotels and tourist attractions. If you wish to book a cab, you can call a common taxi booking number, 6-DIAL CAB (6342-5222), and your call will be routed to an available taxi company’s call centre.

By Train
Nearest MRT Station – City Hall.
Singapore’s MRT (mass rapid transit) system is probably the fastest way to zip around the city. The extensive rail network means that most of Singapore’s key attractions are within walking distance from an MRT station.

You can buy tickets for single trips, but if you intend to use the MRT and basic bus services frequently during your visit, you can buy a Singapore Tourist Pass, a special EZ-Link stored-value card which will allow you unlimited travel for one day (S$10), two days (S$16) or three days (S$20). The cards can be bought at the TransitLink Ticket Office at the following MRT stations—Orchard, City Hall, Raffles Place, Bayfront, Tanjong Pagar, Harbourfront, Chinatown, Farrer Park, Changi Airport, Bugis, Lavender, Jurong East, Kranji, Woodlands, Ang Mo Kio—or at the Concession Card Replacement Office at Somerset station.

By Bus
Singapore’s bus system has an extensive network of routes covering most places in Singapore and is the most economical way to get around, as well as being one of the most scenic.

You can pay your bus fare using an EZ-Link stored-value card or the Singapore Tourist Pass, which you tap on the card reader located next to the driver as you board. Do remember to tap your card again, on the reader located at the rear exit, when you alight. You can also pay in cash but you need to have exact change.
Guest rooms are contemporary with all the cutting-edge technology you would expect from a Swiss-Singaporean designed hotel. Ergonomic seats and spacious desks facilitate productivity, while soothing beds aid a serene slumber.

Premier Room
S$315.00 nett Includes one breakfast and internet

Newly renovated, our Premier Rooms are inspired with a touch of Swiss precision and offer 40 square metres of functional living space with an unobstructed view of the city from the balcony.

Ideal for both business and leisure, these brand new and modern rooms feature a 55" LED TV, free Wifi, spacious work area, dynamic lighting system with night lights, universal wall plug and multiple USB ports to enhance your stay. You can also enjoy a splash of contemporary comfort with our Nespresso machine as well as a welcoming bathroom fashioned by luxurious amenities, beauty light vanity counter and standing rain shower.

Facilities
- Business Centre
- Conference Facilities
- Facilities for the Physically Challenged
- Parking
- Laundry and Valet
- Fitness Centre
- Swimming Pool
- Tennis Court
- Willow Stream Spa

Change of Reservation
Please contact the SReXperts 2018 Events Team should you need to cancel or amend your booking.

Cancellation of Room
Reservations can be cancelled without penalty until 30 days prior to selected arrival date. If you cancel your reservation after that date and your room cannot be resold, the hotel reserves the right to charge all nights’ accommodation as cancellation fees. This also comes into effect in case of early departure or no-show.

Delegates are able to make bookings when registering to attend the event.
The Nokia ION Learning Services organization offers a number of professional certifications and training courses at SReXperts 2018 which are focused on our key technology and product areas:
Service Routing Certification Program (SRC)
Nuage Networks Virtuoso Certification Program (NN-VCP)

Certification Program

The Nokia Service Routing Certification (SRC) Program is designed to teach the skills and knowledge you need for building and supporting today’s advanced IP/MPLS network and service environments.

The program gives you the training required to design, operate and troubleshoot these new networks, allowing your company to get the most from its investment in IP service routing and your customers to enjoy the highest possible quality of experience.

- SRC Written Exams
- Seminar

For more information, please see www.networks.nokia.com/src

The SRC Program has five certifications:
- Network Routing Specialist I (NRS I)
- Network Routing Specialist II (NRS II)
- Mobile Routing Professional (MRP)
- Triple Play Routing Professional (3RP)
- Service Routing Architect (SRA)

The SRC Program has 13 individual written exams and 2 composite written exams

- Exam# 4A0-100 – Scalable IP Networks
- Exam# 4A0-101 – Interior Routing Protocols
- Exam# 4A0-102 – Border Gateway Protocol
- Exam# 4A0-103 – Multiprotocol Label Switching
- Exam# 4A0-104 – Services Architecture
- Exam# 4A0-105 – Virtual Private LAN Services
- Exam# 4A0-106 – Virtual Private Routed Networks
- Exam# 4A0-107 – Quality of Service
- Exam# 4A0-108 – Multicast Protocols
- Exam# 4A0-109 – Triple Play Services
- Exam# 4A0-111 – Network and Service Router Security
- Exam# 4A0-M01 – IP/MPLS Mobile Backhaul Transport
- Exam# 4A0-M02 – Mobile Gateways

Composite Written Exams
- Exam# 4A0-C01 NRS II Composite Exam
- Exam# 4A0-C02 SRA Composite Exam
Nuage Networks Virtuoso Certification Program (NN-VCP)

The Nuage Networks Virtuoso Certification Program (NN-VCP) is designed for engineers, operations, installation, and technical sales and product support personnel involved with implementing cloud-based solutions using innovative Nuage Networks Software Defined Networking (SDN) products and technology.

• NN-VCP Written Exams
• Seminar

For more information, please see www.nuagenetworks.net/certification.

The Nuage Networks Virtuoso Certification Program (NN-VCP) certification program has five written exams:

• Exam# 4A0-N01 – Nuage Networks Virtualized Cloud Services (VCS) Fundamentals
• Exam# 4A0-N02 – Nuage Networks Virtualized Network Services (VNS) Fundamentals
• Exam# 4A0-N03 – Nuage Networks Virtualized Cloud Services (VCS) Operations
• Exam# 4A0-N04 – Nuage Networks Openstack Integration
• Exam# 4A0-N07 – Nuage Networks Virtualized Network Services (VNS) Operations
